NINETEEN
NINETY
A NEW BEGINNING

Carey Heisey

Foreword

It has been a wonderful year for all of us. There are many new additions and changes being made to this school which is why this yearbook's theme is called "A New Beginning." Even though it is the 125th year of MSD's existence, it is considered as a beginning for many of us.

For the first time in MSD history, we got a deaf superintendent, Mr. James E. Tucker. He is a wonderful new addition to this school because he is a great role model that every deaf child needs. We also got a new deaf chairman for the Board of Trustees, Mr. Jay Innes. The majority of the Board of Trustees members are deaf.

MSD got a new Dean of Students, Mr. Farley Warshaw. He brought a lot of new ideas to this school and made things happen. For example, this school will have Peer Advisor and Judicial Board Programs this fall. The Orioles' Nest, a hangout for teenagers, is being remodeled in one of the rooms in the Veditz (Vocational) Building and will be ready by this upcoming fall. This has been a successful year for MSD, too. It's a great year for sports programs. Several of our teams won ESDAA Championships as well as receiving national honors. Some of the students enjoyed their trips to Close Up, Jr. NAD Eastern Convention, Space Camp/Space Academy, and a long trip to Missouri made by Boy Scouts.

The programs at MSD are doing great this year. The Bicultural Bilingual Program is getting stronger every year. The membership of Family Education is growing. The six new staff are needed in this program next year. The successful Spring Play was "The Clerk." It was the first time that the alumni had ever taken part in the acting crew.

We hope this yearbook has covered most of the memories this year. We hope you will enjoy reading this yearbook and treasure it for many more years to come! Happy Reading!

Working on the yearbook was a great experience for all of us. It's like a game. We raced against time. We often worked during nights and sometimes during weekends just to meet the deadlines. We even had to stay after the school closed for the summer to work on it. We hope we have included all the memories made this year for all of you to remember and treasure.

It is a new beginning for this yearbook because it's the first time we had ever printed this yearbook off campus. There are some new additions. There are eight pages of colored pictures and eight additional pages. We hope you'll enjoy reading this yearbook as much as we enjoyed producing it!

We, the yearbook staff, would like to acknowledge these people who have made this yearbook successful.

— Mr. Tucker for letting us publish this book off campus

— Ms. Benton, Mr. Foley, and Mr. McKenna for taking some good pictures that we were able to use in the yearbook

— Volunteers for helping us out by working in the darkroom

— Mr. McKenna and Mr. Foley for their wonderful dedicated help! They stayed here during the nights and weekends with us. Without them, we wouldn't have made the deadlines. They had helped us out and saved our necks countless times!

Dedication

Melinda Chapel Padden

It was really hard for us to decide who to dedicate the 1993 CORNERSTONE to because there are many dedicated people who work here at the Maryland School for the Deaf. Many of them want the best for us. We, the Class of 1993, finally agreed to dedicate this special honor to Mrs. Melinda Chapel Padden. After Mrs. Padden graduated from the Indiana School for the Deaf, she went to Gallaudet College where she graduated in 1974 with a Bachelor of Arts in English. She went to Western Maryland College to get her Masters in Deaf Education. Mrs. Padden has been working at the Maryland School for the Deaf for 18 years. She started during the fall of 1974. During her first two years at M.S.D., she taught self-contained Middle School classes. The next 14 years, she taught Middle School Social Studies. The following two years, she became a Home Economics teacher and taught both Middle and High School students. This year, she began as a Pre-Kindergarten teacher in the Elementary School. In November, she was promoted to the position of Assistant Principal of Elementary Education. Mrs. Padden is very active in the Deaf Community. She has served on numerous committees, both on and off campus. She was president of the Parents, Teachers, and Counselors Association for one term. She was actively involved in the Junior National Association of the Deaf as an advisor. She is married to Mr. Robert Padden, supervising teacher in Career Technology Education, and the mother of Kami, a student in the Elementary School.

Mrs. Padden is known as a wonderful teacher who is also friendly, sociable, and has a great sense of humor. We are proud to dedicate this 1993 CORNERSTONE to her!

Her warm personality is evident in this picture.

The handshake sealed the dedication of the 1993 Cornerstone by Melissa Herzig.

Administration

James E. Tucker
Superintendent

Congratulations Seniors! Each one of you have achieved a milestone in American culture — high school graduation! With MSD education as a foundation in your life, you will grow as citizens of the earth. We have many, many challenges facing us today and tomorrow. Issues close to home continue to challenge us all: health care, employment, affordable housing, education, and crime. Global issues such as fragile environment, unstable economics, regional conflicts, and more also have an impact on our everyday lives. Our world society needs each one of you to be informed and active citizens. This will enable you to make a positive contribution in shaping our present and future communities and to the well-being of our planet.

Again, congratulations . . . and you are always welcome at MSD as an alumnus!

Family Education and Early Intervention Program

The Family Education department is a statewide, early home involvement program for the education of Deaf Children (from birth to five years) and their families. The program was established in 1969.

Family educators from both campuses at MSD, visit homes or other locations convenient to the families. The "home visit" normally is an hour with each family. Family educators most often travel in pairs.

Classes for each campus, are established based on the families needs. The classes at either campus could be for toddlers, 2-year olds, and 3-year olds. For the 3-year old class, it could be three or five mornings a week.

Parent groups are held at both campuses on different days; we invite various guest speakers to share beneficial information with the parents. We have sign language classes, meetings for Dads/male adults in the family, and sibling education.

Family Education plays a very important role in the education of Deaf children and their families in the state of Maryland. We work with Deaf babies as early as possible to encourage language development and to support their families in establishing effective communication.

The Family educators from both campuses are considered one department under the supervision of the director.

Junior Leadership Training Program

The Junior Leadership Training Program is a positive approach to the issue of deaf high school students who have been unsuccessful in the traditional academic setting, regardless of intellectual abilities. It is a program which has demonstrated success in raising self-esteem and developing appropriate intra- and interpersonal social, learning, and emotional control skills. After fostering growth in these skills, JLTP's program allows for maintenance of these skills and transitions students successfully back into the main program, with a high degree of success. Students who graduate from JLTP become role models and leaders for other students.

HOMECOMING

The Homecoming week kicked off with GQ and Vogue Day on Monday. We all had to dress up like ladies and gentlemen! Opposite Sex Day on Tuesday was hilarious. We all had to dress up like the opposite sex! Wednesday was the day that each class had to come up with something creative themselves. On Thursday, Nerd Day, was very interesting because everyone had different perspectives and definitions of a nerd. Finally, on Friday, we all had Orange and Black fever. Everywhere we go, everywhere we see, were the colors, orange and black!

On Friday, during a pep rally, we found out that the Juniors were in the 1st place, Seniors in 2nd place, Freshmen in 3rd place, and Sophomores in 4th place. That night, Steve Gandee was crowned as a King, and Melissa Herzig won the title as Homecoming Queen. Our football team lost the game on Saturday afternoon, but our volleyball team won on Friday night! It was week and weekend that most of us will never forget!

Clarence Taylor needed help putting on the makeup.

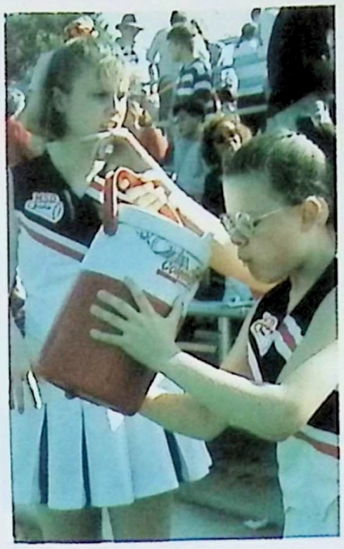
The Homecoming Court — Matthew Korpics, Hayley Evans, Saber Manna-Ayash, Annette Burrell, Joey Greegor, Lizette Ramos, Julio Montemayor, Danyell DeShields, Steve Gandee, and Melissa Herzig.

Opposites attract!

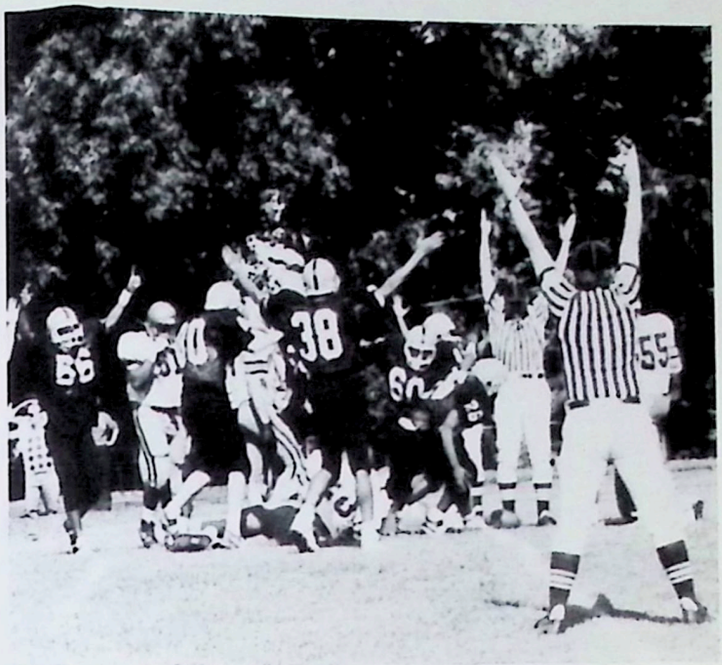
They're planning a nuclear attack on the enemies.

A future Homecoming Queen?

The front cover of GQ and Vogue magazines.



What is she drinking out of that bottle???



They obviously are using "Sure" deodorant.

The staff has got the spirit. Yes, they do! How about you?

We are the beginning of new clothes fad for tomorrow!

Orange and Black fever!

Freshmen

The freshmen group is a big group which is working out very well this year. During Homecoming we sold a lot of baked goods. I know that we have been too busy to have meetings. I still consider the Class of '96 is the best. We're working on setting up our goals for the next three years.

Sophomores

During Homecoming, we sold a lot of pizza and juice. We also sold candy and soda at the Benson Gym for our fundraising during the winter season.

We didn't have meetings that often due to some conflicts, but we tried hard, and we needed the sophomores' teamwork and effort to be able to move a lot faster. Last March, in the Class Bowl, we won first place and the forty-dollar money prize.

I hope next year will be much better than this year. We need to work hard to earn money for the Prom. I really enjoyed being Class President for my Sophomore year!

— Nicole Walker

Juniors

The most important thing that the Juniors have focused on this year was the Prom. We had to raise enough money to pay for a good place so that we will enjoy that night.

Last fall, we won first place for spirit week. That shows that we are very cooperative and have good teamwork. Another competition was called "Class Bowl." We placed fourth. We have been very busy selling candy, trying to earn some extra money for our class funds.

Girl Scouts offer girls the opportunity to interact with their peers on a social level and to have a lot of fun in the process.

Here at MSD we fund most of our projects with the money we earn from selling Girl Scout Cookies. This year the Brownie and Junior scout troop raised almost $300.00. This money helped pay for a pizza party at Jerry's Subs and for the materials used in the various crafts.

This year is the 2nd year of the Cub Scout program. We are learning how to do the crafts, to make snacks, finding out about the family tree, playing the games together, and visiting the library. Outdoor activities included hiking in the Hog Rock area, identifying the different kinds of trees, flowers and other things. We have fun doing these things together. It is good experience for the boys.

Cooking Club

The purposes of having Cooking Club is to teach girls how to read and follow the recipes, teamwork, and have fun. They did make brownies, cupcakes, marshmallow treats, and popsicles for their snacks. One night, they cooked hamburgers, pork beans, corn, and french fries for their supper. They really enjoyed a lot on Cooking Club nights.

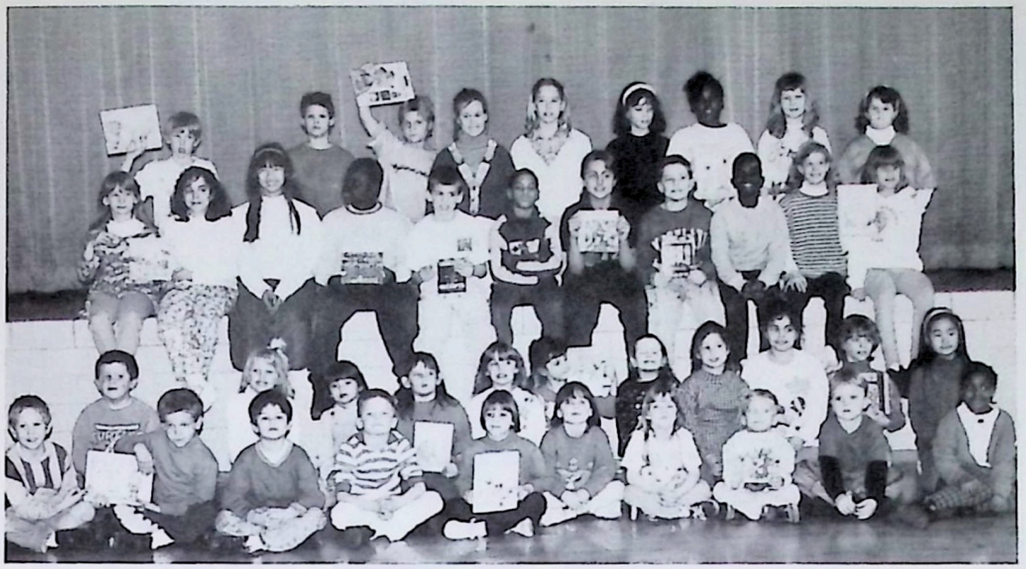
Reading Club



The reading hour has been set up every Monday and Wednesday evening in Elementary Residence Hall. It is similar to the students' classrooms on the same days in the event called D.E.A.R. (drop everything and read). After the reading time the students are encouraged to tell the stories to their dorm groups as well as exchange the books.

Save the Earth Club

Elementary Residence Hall students have been participating in environmental awareness especially in the field of recycling which is the reprocessing of waste products for reuse. They choose collection of empty cans which are obtained from their homes, school staff plus the dorm's snack bar hour. The proceeds from the sale of cans go toward the dorm fund.

We, Girl Scouts, enjoyed our year with these wonderful activities. In the fall we went camping in Pennsylvania. We learned about survival skills with ropes. We stayed there for a weekend. We had three guests come over and taught us how to do a "God's eye" craft. One of the Girl Scout members went to another troop of Brownies to teach them some sign language. Then we had our last camping at Brunwick in May with Boy Scouts.

Horse Program

Once again the Intermediate Department has offered Horseback Riding to their Dept. We meet every Tuesday and Thursday and travel to the Yates Farm. Each child learns to groom, saddle, bridle and ride with control. This year we had a bonus of watching a foal from birth grow and mature. The students find rocks, pick flowers and look for peacock feathers for Science and other classes. Fun is had by all.

Pee Wee National Association of the Deaf

Supercalifragilisticexipialidocious! This year was a marvelous year for the club. We have been through a difficult and prosperous times! Our fund raising goal was to sell M&M candy. We made the MSD campus look nice after we cleaned it up! We had a wonderful pool party in April and look forward to an excellent field trip. We have had a great year, and we are looking forward for next year!

Student Body Government

Student Body Government's original name was Residential Hall Council but it changed to SBG so we could have better communication with High School. SBG accomplished a lot of things. SBG helped improve and change some of the rules. SBG listens to kids' complaints or suggestions about our dormitories and school. SBG went on business trips to restaurants to hold our meetings. SBG sold pizzas. SBG hosted an Easter Egg Hunt with special priviliges inside the eggs. SBG hosted a coed slumber party in May. SBG really accomplished a lot this year of 1992 to 1993! Not bad for a first year organization!

Teenage Club is a fun club which teenagers can join. We have meeting once a month. Also we go out to different places. In the fall, we went to a haunted house then Chuck E. Cheese. Last February we went to a Ski trip at Whitetail resort. Teenage Club is all about making new friends, and learning to socialize with other students and learn more about our future. Teenage Club can be fun. We also pay dues. We did some fundraising such as selling wreaths, and candies. We also encourage all teenagers to join teenage Club and see what teenage Club is all about.

Kyle Clark, Treasurer

Young Astronaut Pilots

The Young Astronauts (Space Orioles Chapter 13820) was established during the 1986-87 school year. The group has grown over the past years, but members must be enrolled on the Citizenship Honor Roll and be interested in space activities. The group has bi-weekly meetings and discusses space shuttle missions and experiments. Every year 2 students are selected to go to Space Camp in Huntsville, Alabama based on a number of requirements. This years' participants were Stephanie Gasco and Darla Konkel.

The 1992 Christmas play was "A Magic Christmas" done by the Middle School Department under the direction of the drama teacher, Miss Marsha Flowers. Miss Flowers wrote and adapted the play from the movie "Hook", which is a spin off of the movie, "Peter Pan". The actors did a marvelous and "natural" job at turning the play into a terrific one since the script was written in ASL. Dawniela Halischak did a "SUPER" job as "Student Director". Several High School students, Gerald Mackall, Annette Burrell, Clarence Taylor, Julia Rae Eichelberger, Joy Maisel, and Christina Liddle, did an outstanding job on the songs that were voiced by staff members, Mark Sewell and K.C. Russell. Although the play was only 45 minutes, it left the audience wondering in their seats afterwards. It definitely was a play you "couldn't forget"!

We started the school year biking down the C & O Canal in September. Then, in October, we participated in the FSK Camporee near Thurmont, Maryland. January 22-24 we went to skiing at Timber Lane, West Virginia. Celebrating Boy Scout Week in February, we held a Court of Honor in the cafeteria with family and friends. In March we washed cars to earn money to go to the National Deaf Camporee. Sunday, April 25th, we left for the camporee. On the way, we toured the Football Hall of Fame in Canton, Ohio and the Gateway Arch in St. Louis, Missouri. During the camporee, several boys won honors and our troop won the skit competition on the last night. We will finish the school year with a bridging ceremony with the Cub Scouts.

For many years, Cooking Club members have been preparing and selling delicious food. This year we tried to expand and add new foods. We started with the funnel cake which made the students drool. We also prepared our big Christmas Open House by baking a lot of goodies and serving them to anyone who came and visited the Open House. It was a big success. Damon's famous milkshake, is in big demand. We continued experiencing the different and new food to sell. By working hard, the students are looking forward to going out to dine at their favorite restaurant and they also have gained experience in reading recipes, planning, buying, preparing, cooking, and selling! We are looking forward to another year of excellent food from the Cooking Club.

Jr. National Association of the Deaf

Jr. NAD have 14 active members this year. With their tremendous help, we have accomplished quite a few goals. Fundraising events throughout the year were: Cotton candy sales at Homecoming, Turtle candy, 125th Anniversary Deck of Cards with MSD Logo, and Earth Day Party. Sean O'Brien and Hayley Evans went to the Eastern Regional Convention at Scranton, Pennsylvania. They both enjoyed the learning experiences and they represented MSD very well. We are sending two students to Youth Leadership Camp this summer. Next year, we are hoping for an expansion in our membership. Goals for 1993-1994 are: More guest speakers at our meetings; Eastern Regional Jr. NAD Weekend Campout in Pennsylvania; Eastern Regional Jr. NAD Weekend Ski Trip in Vermont; and Jr. NAD National Convention in Rochester, New York.

This year Ski Club went to Seven Springs, Pennsylvania during the weekend of March 5th, 6th and 7th. With lots of continual practice, beginners quickly learned to turn and stop and made their way to the slopes. The snow was plentiful and we enjoyed a wonderful weekend packed with lots of skiing and fun.

Also this year a few members joined Middle School's Teenage Club for a week night treat at White Tail Ski Resort.

Young Astronaut Commanders

Commanders of the Young Astronauts (the Space Orioles Chapter #27633) are high school students who continue to show their interests in various space programs and the universe. The Commanders have bimonthly meetings to keep up with current information. Every year two members are chosen to further their interests at the Space Academy in Huntsville, Alabama.

This has been a wonderful year for the Student Council. We started the school year hosting the party to welcome students back to MSD. We celebrated the 125th anniversary of MSD by inviting the Alumni from 1950's to 1980's to speak to the students. We decorated the Haunted House for the Halloween party. We planned various activities for the Spirit Week before the homecoming and it was a fun and enjoyable week for all.

The Rensch administration of the Student Council had helped improve the programs at MSD. Through the arrangements between the officers and administrators, the MSD library was open in the evenings and the students were transported to the public library. The mugs were sold as a major fundraiser. This spring the students applied for the positions of peer advisors and judicial board members for the school year, 1993-1994.

Drama Club

This year's Spring Production was "Clerc". It was a historical, biographical portrait of a genius who began his life in France and was persuaded by Rev. Gallaudet to continue his teaching career in America. Formalized educational systems began in America due to the life-time commitment of this truly remarkable man. We were proud and excited to produce this original play penned by Mr. Gil Eastman and starring an alumnus of MSD, Mr. David Martin. Our hope is for the spirit of Mr. Clerc to inspire the best in all of us to achieve our true potential.

Camp Greentop

Camp Greentop is an outdoor school in Thurmont, Maryland. Every year a group of Middle School students from MSD attend Camp Greentop with hearing students from Frederick County. This year while at Camp Greentop the students hiked to Wolf Rock, explored a cave, visited a trout hatchery, studied streamlife, hiked with a compass, and canoed in Cunningham Lake.

During evening activities, the MSD students presented songs, skits, and told a story for the hearing students. Greentop was both fun and tiring. All the students agreed that it was a fantastic experience and a great way to learn about nature.

Camp Round Meadow

Camp Round Meadow is designed for Frederick County students in grade 8. Each year MSD students are invited to participate. Geology and Orienteering are two main topics covered. This year the three day outing had to be cut short because of the big snow! Mr. Schaberl and Miss Roberts were the sponsors while Annette Burrell and Saber Manna-Ayash were the counselors for MSD's fourth year Middle School students.

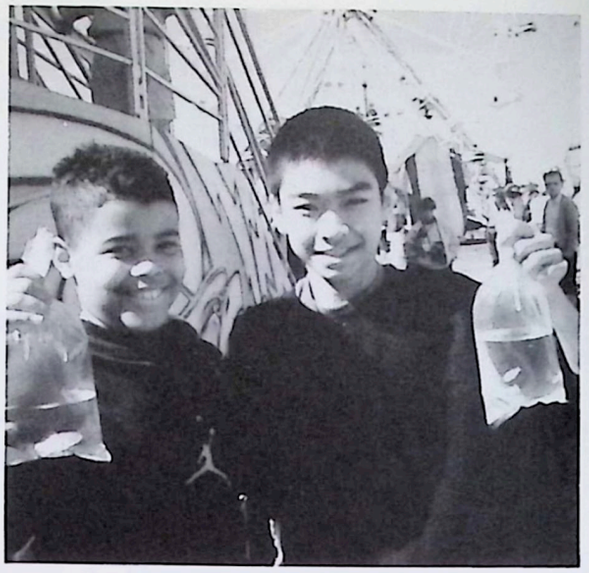
Frederick Fair

The MSD students attended the "Great Frederick Fair" as a part of annual event for an educational and fun-filled afternoon. The kids visited the exhibits which were filled with arts and crafts, food, and photographs. They also saw different kinds of animals. There also were food, games, and especially rides!



Black History Month

Marsha Flowers and Jesse Wade directed the program.

Mistress and Master of Ceremonies Janelle Berry and Michael Hart made the introductions.

"It's Raining Revolution" by Annette Burrell

The program was prepared and performed by the students with help of the director, Jesse Wade, and assistant director, Marsha Flowers. February is Black History Month. The purpose of the presentation was to educate us to understand black history, its origin, their custom, culture, and famous people like Booker T. Washington, Malcolm X, Martin Luther King and many more.

BOYS

The MSD Boys' Cross-Country team finished the regular season with a record of 6 wins and 4 losses. The highlight was a fantastic trip to Fremont, California, to attend the DAFUS National Cross-Country Championships. The Orioles team placed third. The boys had worked hard together to make the team the best.

Mark Muir was selected as First Team All-American while Haran Wright, Dennis Dean, and Damon Sparrow earned Second Team All-American honors. Congratulations, and come back next year!

GIRLS

The MSD Girls' Cross-Country team had a good 1992 season with the record of 4 wins and 2 losses. Annette Burrell, Julie Bourne, and Mellissa Jarboe kept their desire and determination to perform their best at the DAFUS National Cross-Country Championships. Imagine how they survived through the heat wave in 90 degrees at Fremont, California; they deserved to be champions! Also, Annette finished fifth out of forty-nine runners at the WISC Championship while Julie placed sixth.

Annette Burrell was named the Harrier of the Year while Julie Bourne earned First Team All-American honors. The team earned the National Team of the Year.

Congratulations to each member of the 1992 team!

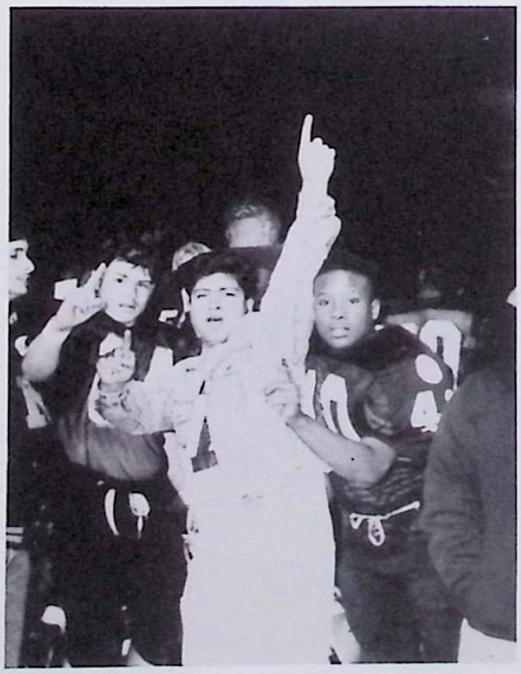
Gotcha!

Team support is necessary in all sports.

The football team won three games this year, lost four, and tied one with West Nottingham, 0-0. There were only *eight* players returning from last season. The rest of the players were Freshmen and they had a lot to learn. During the interview Coach Day said he had mixed feelings about the team this year. "We are a young team, but we're strong. We just didn't pull together like I thought we would." When asked about the season's highlight, Coach Day grinned from ear to ear and said, "Beating Hancock 16-10 overtime!" Quite understandable, considering Hancock is our archrival! Congrats and good luck next season!



We are #1!

Reena, stop looking at the hunky football players & cheer!

This was a rebuilding year for the Varsity Cheerleading Squad. The season began with us at Pine Forest Cheerleading Camp in August. Here the team bonded together and learned each other's strengths and weaknesses. Led by Staci Rensch as Captain, the team spent most of the time learning new cheers, chants, dances, and jumps. Since half of the team was new to Varsity Cheerleading, safety techniques and basic stunts and pyramid building skills were taught.

Melissa Herzig, Tanesha Lightfoot, and Julie Perry are the seniors on the team. They will be greatly missed next year. Melissa Herzig and Tanesha Lightfoot were selected as All Tournament Players for three straight years and both were selected for Deaf All American Players this year. Spiked the ball with all of her strength!

This year we won all the games against all the Deaf Schools and all the way to the Championship game. We brought only seven players "7 ACES" to the ESDAA due to low grades and illness. Yet the team had desires and determination to play and win. It showed the other teams and fans something (NEVER GIVE UP). Four of my girls (Melissa Herzig, Tanesha Lightfoot, Nicole Jackson, Hope Skelley) were selected as ESDAA All-Tournament team out of seven. Hope Skelley (Junior) made 43 service points during the whole ESDAA weekend. The other schools were impressed with our team's skills and performances on the floor.

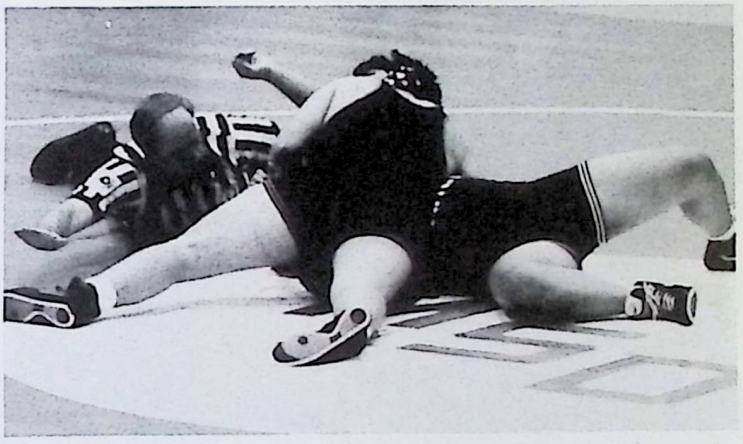
Semi-incredible Hulk



Only seconds left, hurry up!

On the first practice day, one boy came and spoke to my eyes, "Our team is not as strong as what you think. We were 5-11 last year, and we stink." Then I said, "It is not up to me. It is up to you all boys. It is important for you all to understand 'two men enter, one man leaves.' All grapplers were silent and I went on. Right now, you look at MSD wrestlers and they are 11 won and 5 lost. I am proud of them because I never expected them to win everything but always knew that they follow where their hearts go, no matter that they broke their bones on the mat. I cannot express my proud feelings beyond my words. MSD wrestlers were favored to win the ESDAA wrestling title this year, but we came up with the second place at New York School for the Deaf. From the bottom of my heart, they did a good job even though they started to build themselves from ashes. Before ESDAA, we were 3-5, then we kept winning games. Until the season is over, the overall record is 11-5. It means we swept eight games in a row.

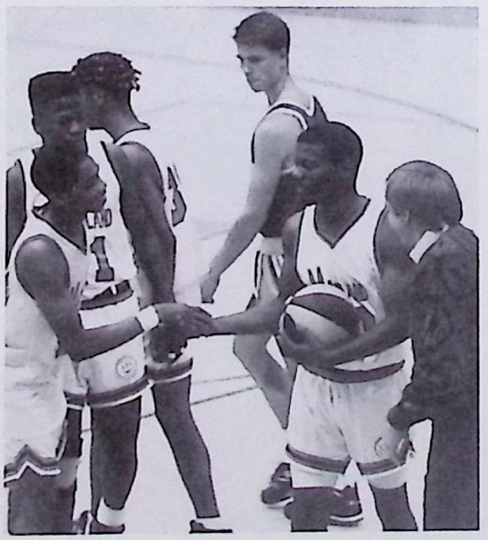
Basketball is a team sport, and very few teams have four players that average in double figures. In order for those four players to get points, however, it takes a lot of work in practice by the other team members to help them achieve those points. We finished the best basketball season (18-2) which is the best school record so far since 1983 (16-4).

To Devon, doing his best in the last four years. He scored 1,286 career points in four years. He was selected All-Tournament ESDAA Team and 1st All-Deaf American Team. To Michael, for his great effective floor leadership and experience that helped to lead the team through rough times and some exciting victories. He was selected All-Tournament ESDAA Team, All-Star City Team and 1st All-Deaf American Team. To Kenny, for playing his great year. We had a big advantage with his great ability of rebounds. Clarence Taylor was selected All-Tournament ESDAA Team.



Devon Gibson was honored for making over 1,000 points in his H.S. basketball career.

By basketball season, most of the cheerleaders had learned the majority of the cheers and chants. Because we had nine girls on the team, including four freshmen, we established a Junior Varsity (JV) team. They cheered some of the JV games with one varsity cheerleader, and I was pleased with most performances.

The highlight of this past season was our trip to West Virginia School for the Deaf. During the game, the cheerleaders were videotaped so that each could evaluate their strengths and weaknesses — individually and as part of a team. We also tried a new sideline formation, and everyone had a chance to lead the chants. We even surprised the basketball team by walking into McDonald's wearing bright red lipstick — even the coaches!

Attention, please! We've got some exciting gossips to tell you!

This was a rebuilding year for the Varsity Cheerleading Squad. I was very pleased with their performance in the ESDAA. I think if we would have succeeded in doing the "elevator" mount — this might have won the tournament for us. The tournament was the highlight of the year. We won third place. Gerina Barkley won the Individual Jump Competition. Kim Jones was picked for the All-Star Cheerleading Team.

Michael Jordan II

With five wins and five losses, this season's MSD JV Basketball season was a well-done success for a young team which out of thirteen players, nine were freshmen.

From the beginning to the end of the season, the players achieved their goals in getting the skills in playing the basketball. Each player had gained his specific talent in order to make the well-balanced team. MSD will see more of exciting games that these players will play next year and more years to come.

The highlights were the away games against Old Town. The game was close until last quarter that the team played well and won the game and against Virginia-Hampton, the game was close from the first second to the last second of the game and the leads changed several times, losing the game by three points.

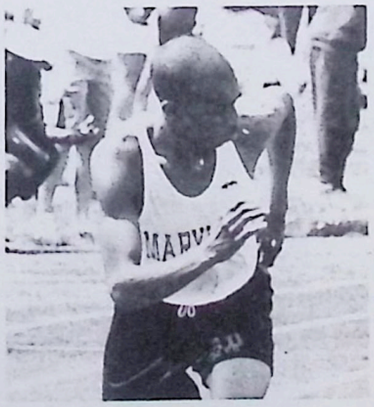
The track team got off to a slow start this year with many first year members. It looked like it would be a long year. However, the older boys became good leaders and helped the younger ones develop and grow. The bad weather kept the team inside much of the early part of the season, and that put the team behind. The big meets that we were involved in did a lot to prepare the boys for the ESDAA Championship.



Posing as a Greek statue

The boys had three individual championships and many second place finishes. They placed second behind the host school ASD. It was a good finish for a young team. Several of the boys are already looking forward to next year. The boys worked very hard this year and the second place finish at the ESDAA Championships was well earned.

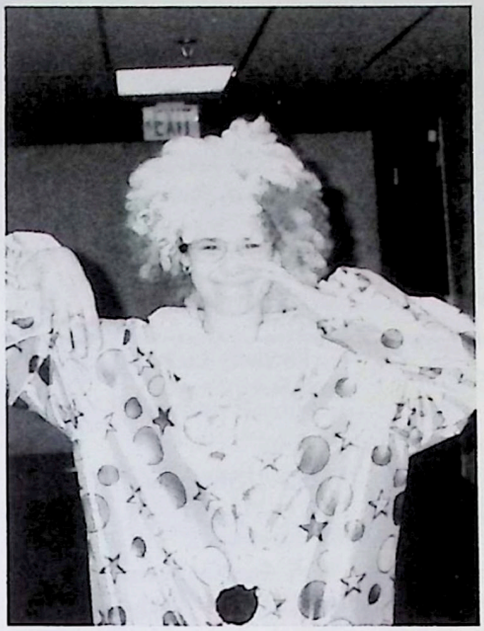
Senior Work Day

The seniors had to work for the person who bought them at the senior auction. They had to perform every command the masters made to make their money's worth. Some of them had to wash cars, dust the room for the staff, or pass the notes back and forth between friends. It was a fun and memorable day for the seniors!

Melissa Herzig got some idea of what it's like to work in the masonry class!



Julie Perry had to make people laugh while doing chores for her masters!

Steve Brzozowski sure does look great in a dress!

Senior Trip

On May 21, 1993, the seniors were on their way to Myrtle Beach, S.C. It was about a 12 hour trip. It was sunny and warm the whole week. They spent most of the week swimming in the beach, pool, or the whirlpool! They did so many things in only one week. They went to the mall and Myrtle Waves. They played putt-putt golf, and played with the laser guns. They went on "Go Karts" and water slides. Some of them also tried long range golfing, waverunner, and parasailing! They walked around the town at night. For their last dinner together, they ate at the "Outrigger" Seafood Restaurant. They all got to know each other better during the week! When the week was over, they wished they could stay there another week!

They all gathered together with identical shirts at the South of the Border, S.C.

The Graduation Ceremony

The visitors, families, staff and the administrators gathered around in the Auditorium of the Ely Building to witness the 125th Commencement Exercises. The Seniors were riddled with mixed emotions. They were proud but sad and excited but nervous. They started to think about our future. They also began to realize the finality of it all. They wouldn't be an MSD student anymore, but an alumnus. They wouldn't be with our friends every day at school anymore. Some of them weren't ready to leave MSD. However, some of them were ready to explore the world out there. The ceremony began at 11 am with the Seniors doing the Graduation Walk. They walked around the Auditorium in two separate files until they all sat down on the front row seats. The ladies wore orange robes and the boys wore black robes.

Mr. James E. Tucker greeted the people and Seniors with his opening speech. Mark Muir was the Salutatorian. Melissa Herzig was the Valedictorian. Annette Burrell and Damon Sparrow signed an inspiring song, "The Greatest Love of All." The guest speaker was Dr. Gertrude Galloway. She was a former staff member at Columbia School for the Deaf. She gave a great speech that made them think about their future.

Mr. Chad Baker announced our names. One by one, they got up on the stage to receive their diplomas with pride. It was the time for them to say anything they wanted to say to anybody before moving their tassel from one side to another. After they all had received their diplomas, they stood in a line. The people came to them to congratulate them. It was a great moment for them. The parents, friends, and staff were bursting with pride. It was an unforgettable day.

Farewell . . .

We're leaving school filled with hopes and dreams. The future is unknown to us. Countless of questions are in our minds. What will we be like in ten years? Will we get married? What kind of job will we get? Whatever the future holds in store for us, we're ready for it! Farewell . . . Wish us luck!
